

Dear Ladies and Gentlemen,

since 2006, the use of certain hazardous substances in electrical and electric equipment in the EU has been regulated by EU directives (RoHS). Currently the EU Directive 2011/65/EU is applicable. In March 2015 this was extended by EU Directive 2015/863. This means that now 10 substances/-groups are now restricted in their use. As a manufacturer of electrical devices, we are obliged to comply with this regulation. To fulfill this we need information from you about the RoHS status of your articles.

We also need information on substances of very high concern (SVHCs) as well as the substances from Annexes XIV and XVII of the Reach regulation (2006/1907/EC).

### RoHS (2011/65/EU, 2015/863/EU)

We ask that **conformity to RoHS** be confirmed for the products being requested as per the current EU Directive named above. **We need this information even for products which do not explicitly fall under the RoHS Directives!** It is not permissible for the following substances to exceed the respective thresholds listed for homogeneous material:

- >0.1% for lead (Pb)
- >0.1% for mercury (Hg)
- >0.1% for chrome VI
- >0.1% for polybromated biphenyl (PBB)
- >0.1% DEHP, BBP, DBP, DIBP
- >0.1% for polybromated diphenyl ether (PBDE)
- >0.01% for cadmium (Cd)

If requested products or any of their respective components exceed any of these thresholds, we ask that you indicate this clearly in the following format (tabular):

| Material number | Name | Substance | % by weight | Exception (per Directive) |
|-----------------|------|-----------|-------------|---------------------------|
|                 |      |           |             |                           |

### REACH/SVHC substances (Reg (EC) 1907/2006)

We ask that, for the requested products, you adhere to the REACH Regulation and your ensuing obligations: Substances listed in Annex XIV of the REACH Regulation are not to be used (even if there is an allowance for a certain usage); if substances from Annex XVII are contained in the products because it is so permitted, we ask that you clearly indicate this in the format shown below (tabular). Should SVHC materials be present in any amount greater than 0.1% per homogeneous material, we ask you to clearly indicate this as well, in the format shown below (tabular). The list of current SVHCs can be found at:

<https://echa.europa.eu/candidate-list-table>

| Material-nummer | SVHC-Name<br>CAS-Nummer | Gewichts-<br>% | Bezeichnung des<br>homogenen<br>Material | Gewicht des<br>SVHC-Teils | Begründung |
|-----------------|-------------------------|----------------|------------------------------------------|---------------------------|------------|
|                 |                         |                |                                          |                           |            |

You can use the document on the following page as a template for your answer or you can use your own with the same content.

## Bestätigung RoHS und REACH / Confirmation on RoHS and REACH

Für die folgenden Produkte/for the following products:

| NGB-Nummer / NGB-number | Bezeichnung / Description |
|-------------------------|---------------------------|
|                         |                           |
|                         |                           |

Wir bestätigen hiermit, dass die an die Firma NETZSCH Gerätebau GmbH gelieferten Erzeugnisse **keine Substanzen** über dem jeweiligen Grenzwert der RoHS-Richtlinie (2011/63/EU+2015/863/EU), sowie SVHC-Stoffe (aktuellster Stand), Substanzen aus Anhang XIV und Anhang XVII der REACH Verordnung enthalten, außer diese sind in folgender Tabelle vollständig aufgeführt und entsprechen den jeweiligen Anforderungen der genannten Richtlinie und Verordnung.

*We hereby confirm that products delivered to NETZSCH Gerätebau GmbH do **not contain any substance** over each limit of the RoHS-Directive (2011/63/EU+2015/863/EU), SVHCs (current state), substances of annex XIV and annex XVII of the REACH-Regulation, except the ones listed in full in the following table and all comply with the stated directive and regulation.*

☐ Ja / Yes ☐ Nein / No

*RoHS Tabelle / RoHS table*

| Materialnummer  | Bezeichnung | Substanz  | Gewichts-%  | Ausnahme<br>(laut Richtlinie) |
|-----------------|-------------|-----------|-------------|-------------------------------|
| Material number | Name        | Substance | % by weight | Exception (per Directive)     |
|                 |             |           |             |                               |
|                 |             |           |             |                               |
|                 |             |           |             |                               |
